The program indicates that class room teachers will have a much greater part in this year's Conference than ever before. On the afternoon of March 12th there will be fourteen sectional programs dealing with all sorts of problems from those of the city administrator to the vocational agriculture teacher, and teacher of speech.

Another new feature this year is provided by group luncheons of vocational teachers, members of the Parent-Teachers Association, principals and superintendents.

President Irby Carruth has said that practically every school in the Panhandle of Texas will be represented at the two-day meeting when Dr. Carlton Washburne, Superintendent of the Winnetka, Illinois Public School system, and internationally known educator, will furnish the main addresses of the two sessions.

Farmers Signing Compliance Papers

**Owners and Tenants of
864 Farms Sign for Ag-
ricultural Conservation
Program**

The County Agent's office is busy this week with the signing of final compliance papers on the 1936 Agricultural Conservation Program. The farmers of 864 farms in all districts of the county, who participated in the program for 1936, are signing in the county office. Landlords and tenants sign the same forms. These forms indicate the division of payments between the operators and owners of land.

It is expected that signing will be completed this week. Papers will then be checked and signed by a member of the County Committee and by the County Agent. The first shipment will be transmitted to the state office early next week for payment. Checks will be sent to county office from the U. S. disbursing office in Dallas.

Committee meetings for the discussion of the 1937 farm program will be held according to the following schedule:

- No. 1. Sunny Hill, 2:00 p. m., Friday, Feb. 26.
- No. 2. Ralph School, 2:30 p. m., Tuesday, Mar. 2.
- No. 3. Jewell School, 2:00 p. m., Monday, Mar. 1.
- No. 4. Umbarger, 7:30 p. m., Monday, Mar. 1.
- No. 5. Canyon, 7:30 p. m., Friday, Feb. 26.
- No. 6. Stone School, 7:30 p. m., Friday, Mar. 5.
- No. 7. Park School, 7:30 p. m., Wednesday, Mar. 3.
- No. 8. Trigg, 7:30 p. m., Thursday, Mar. 4.
- No. 9. Highland School, 7:30 p. m., Monday, Mar. 8.

These meetings will be held in connection with community meetings of the Randall County Agricultural Association to be held on the same dates.

All checks in payment of benefits under 1936 program will be delivered from the County Agent's office except where checks are withheld owing to operators becoming negligent to the extent that land is a wind erosion hazard to the community in which it is located. In case where protests are filed against any land operator who allows his fields to blow and damage other land or crops because of negligence, checks are to be held until a complete investigation is made. In such cases, checks may be held as long as twenty-one days before being returned for cancellation.

Panhandle Players To Present Famous Play Here Mch. 5th

The Panhandle Players of the West Texas State Teachers College will present Dan Totheroh's "Moor Born," Friday night, March 5, at 8:00 o'clock in the auditorium of the Education Building, under the direction of Miss Mary Morgan Brown, head of the College Speech Department. So far as is known this is the first time this play has been produced in Texas.

The plans for its production were so interesting to Dan Totheroh, author of the play that he wrote a long letter to a member of the cast. In this letter he said, "You asked me if it is my favorite piece of work—well, I suppose in many ways it is."

Helen Gahagan played the part of Emily Bronte during the long run of "Moor Born" in New York, where it was the first play about the Brontes to be produced in America.

The drama deals with the tragic life of the remarkable Bronte family as they lived in the vicarage in Haworth. In 1845 Charlotte returned from Europe to find the family greatly distressed over the behavior of their son and brother, Branwell. Genius as he was, he so completely permitted liquor and opiates to weaken his mind and unsteady his nerves that he became little more than a tarnished frame of his former self. His only support and sympathy came from his sister, Emily, who understood his cravings as no other member of the family. In many instances the conversation of this great play is the same as that of the Brontes at the time of its occurrence. Every attempt is being made to reproduce the Bronte home exactly as it appeared during those three dreadful years.

In the cast are: Emily Bronte, Sarah Ellen Foster, McLean; Charlotte Bronte, Linnett Cain, Canyon; Anne Bronte, Helen Boswell, Memphis; Branwell Bronte, Lawrence McBee, Pampa; Rev. Patrick Bronte, Thomas H. Newell, Canyon; Tabby, Audrey Price, Bellview, N. M.; Martha, Ione Potter, White Deer.

The costumes are being designed and made by Mrs. E. A. Rowley of Amarillo Little Theatre; Forest Fry and Weldon Dodson are the stage and property managers, while Wilhelmina Cleek and Laura Pullen are the assistants to Miss Brown in the directing. Leon Lassers, of the Speech department, and Miss Isabel Robinson of the Art department are also assisting in an advisory capacity.

Admission to the play is 25c.

Mr. and Mrs. G. G. Foster visited their daughter, Mr. and Mrs. J. O. Parker of Gallup, N. M., during the week end. They made the trip by rail.

Miss Thelma Bryant and Mrs. Guy Alford visited their sister, Mrs. R. P. Hales, in Amarillo Saturday.

Mr. and Mrs. W. A. Jennings, Miss Lena Wade Jennings and Mr. and Mrs. Worth Jennings visited in the home of Mr. and Mrs. Cecil Haygood of Floydada Sunday.

Local Boys Badly Burned by Powder Explosion Sunday

E. Burroughs, Jr., and Harry Brown, Jr., were both seriously burned Sunday afternoon at the Canyon Club grounds when E. ignited a quantity of blasting powder. The Burroughs boy was more severely burned as the result of the accident, since the Brown boy had moved away a short distance, remarking to his companion that there might be danger of an explosion.

E. received severe burns on the face, hands, and legs, while Harry was burned on the face and hands, but less seriously.

The boys found the powder in a pile of rubbish. They poured out a small amount, and lighted it. Powder in the can ignited from this causing the explosion.

E's clothing caught fire severely burning his legs. Men on the golf links nearby tore away his clothing and gave first aid treatment before bringing him to town.

None of the men at the club were aware that the powder was on the grounds.

Carruth Speaks at Adult Government Class Yesterday

Supt. I. B. Carruth spoke to the adult government class, which meets in the WPA sewing room during the lunch hour, on the importance and benefits of adult education yesterday at the regular class period.

Mr. Carruth compared the schools of a generation or two ago with those of today, and enumerated the advantages enjoyed by the modern pupil which the earlier schools did not have.

He commented on the schools in Canyon before 1900. It was sometimes necessary to take up a collection in order to continue running the schools, he said.

He compared the working hours of today with those of a few years ago, and pointed out that machinery has placed a great deal more spare time at the disposal of the average person. He stressed the importance of spending this spare time in improving the mind.

The adult class, taught by Silas Hart, meets five days each week in the WPA sewing room. Sixteen are enrolled in the class.

Mr. and Mrs. W. A. Jennings, Miss Lena Wade Jennings and Mr. and Mrs. Worth Jennings visited in the home of Mr. and Mrs. Cecil Haygood of Floydada Sunday.

The tournament starts at 2:30 with a game between the Carey Cardinals, winners of the Childress District, and the Perryton Rangers from the Pampa District.

Coach "Catfish" Smith's Carey Cardinals, who went to the state semi-finals last year with virtually the same team, are definitely favored to win the tournament. Little basis for comparison of the other three teams is available. The winner of the play-off is eligible to enter the state finals which will be held March 5-6.

Season tickets to the tournament will be on sale at the office of W. E. Lockhart, Regional director of the Texas Interscholastic League. Season tickets are 50 cents, and are transferable. Admission to a single series is 25 cents.

Hobbies Discussed by John McCarty at Assembly Program

Hobbies ranging from the collection of whiskey bottle labels to the dying words of great men were discussed in a unique assembly program Tuesday morning at W. T. under the direction of John McCarty, editor of the Amarillo Daily News, whose hobby is hobbies.

Students and faculty members were called upon to discuss their hobbies for two or three minutes by Mr. McCarty who acted as chairman of the program which was sponsored by the college press club.

Mr. McCarty is a former student of the college, and became interested in his hobby, hobbies, while he was in school here.

Dr. Harris M. Cook discussed his hobby of stamp collecting, and said that the patron saint of the stamp collectors is President Franklin D. Roosevelt. Thomas Newell, a student, whose collection of stamps has a catalogue value of more than \$250, also spoke on the collection of stamps. Stamp collecting is one of the most educational hobbies in which one can indulge, he declared.

Most unique of the hobbies discussed was Robert Shephard's, who neither staggered nor fell, while delivering a brief discourse on his alcoholic hobby of collecting whiskey bottle labels.

Mr. McCarty mentioned Ernest O. Northcutt's hobby of collecting the last words of famous men.

Other students and members of the faculty having a part in the program were: Mrs. T. V. Reeves who spoke on bird life; Sam D. Burton, Jr., who discussed photography; Prof. T. H. Carroll, whose hobby is book collecting; and Prof. S. H. Condron, whose hobby is cooking with "flap-jacks" his specialty.

"Let us all have one hobby—that of boosting West Texas State College," Mr. McCarty urged in concluding the program.

Tax Payments For Last Year Show Increase

**Monthly Report Shows '36
Collections Several
Thousand More Than
Previous Year**

1936 tax payments for Randall county have increased by several thousands of dollars over payments made for 1935, as shown by the monthly report of tax collector, R. N. Barnett, for the tax year ending January 31, 1937.

Total taxes collected for 1935 were \$56,968.85, with the county's part being \$33,661.79, and \$23,307.06 going to the State of Texas. The 1936 payments show that \$62,329.00 were collected, with the county receiving \$38,309.88, and \$24,019.12 being the State's pro rata part; thus making a total gain for 1936 over the previous year of \$5,360.15; or a gain for the county of \$4,648.09 over 1935.

The office of the Canyon Independent Schools report that taxes have come into their office about as usual, with perhaps a very minor increase.

Orton-Slack Will Begin Scholastic Census Monday

The 1937-38 Scholastic School Census for the Canyon Independent School District and the County Rural Schools will be started Monday, Feb. 1, according to secretary S. B. Orton, and County Superintendent Burney Slack.

Parents are required by law to enumerate all children living in the district between the ages of 6 and 18. Those becoming 6 on or before Sept. 1, 1937, and those reaching 18 years of age on or before that date are eligible and should be enumerated.

The census must be completed by the enumerators by April 1.

County Judge Burney Slack has appointed enumerators in each rural school district who will be responsible for the scholastics reported from the various rural districts.

It is very important that none of the scholastics within the age limit be omitted from the rolls, as the state funds for the various districts are cut down proportionately. Be ready for the school census enumerators when they call upon you during the coming month.

TOWN CLEAN-UP NEEDED

Our town of Canyon will have the privilege of acting as host to approximately 4,000 visitors this spring with eight different conferences, conventions, and educational meetings scheduled to meet here.

The first one was held Friday and Saturday when the Texas Interscholastic League Basketball meet for this district was held, and in which the Canyon High School was fortunate enough to come out on top. On February 27 the Regional Tournament will bring teams from several counties.

In March, the Northwest Texas Conference for Education will hold its fourth annual session here on the 12-13. Between 2500 and 3000 educators and teachers regularly attend this meeting.

On April 8-9 the Seventh District of Texas Federation of Women's Clubs will meet here bringing representatives of all counties in this part of the state, as well as visitors from other sections.

The annual meeting of the Panhandle-Plains Historical Society will be held on April 16; and the Regional meet on the Texas Interscholastic League will be held here April 23-24. This is one of the largest assemblages that comes to Canyon in the entire year. Another meeting for April 30-May 1, is the Alpha Chi, a national scholarship society, which will meet here with the Lloyd Green Allen chapter as host. This will bring college men and women from several states.

Early in May members of the County Home Demonstration Clubs of districts one and two will meet here for the annual Short Course.

The seven meetings yet to be held here are reasons enough why Canyon citizens should go into a huddle and do something in a serious way regarding a clean up campaign. Clean up the town in general, and individual property owners will take pride in beautifying their own homes and gardens. Let all those who can plant trees, shrubs, roses, spring flowering bulbs, and anything else that will improve the looks of our homes and our town. If every one would work together on this, the visitors who are to be the city's guests would be glad that they had had the privilege of visiting the little town of Canyon, and they would be somewhat reluctant to go when their particular meeting was over. Not only that, but if the visitors came here and found a clean, civic minded town, and an indus-

trious group of citizens, the good news would be spread far and wide as they return to the many places from which they came.

Let the good news spread! There is no better publicity on earth than having it said of your town that it is a clean, progressive, and civic minded municipality. Let everyone work together for the good of our home CANYON!

Monday celebrated the 205 anniversary of the birth of the one and only George Washington, "The Father of Our Country." It is not unusual that it assumed unusual significance this year because of the discussion in the affairs of government. As February 22, 1937, dawned there must have been a query in many minds as to whether the frequently stressed changed conditions of modern life would have altered the views of the first President. The following is from The Dallas News:

THE BIRTHDAY

First of all, of course, Washington was a Virginia planter, a great land owner. Assuming that the 1937 Washington would not have already become an industrial leader, he would have wrestled for many decades by this time with the problems that beset agrarian America, loss of markets, falling price, high taxes, the adverse differential between the return from the sales of farm products and the high cost of his manufactured purchases. The labor problem on his cultivated farms would have altered from one of housing, feeding and clothing his slaves to one of obtaining efficient help at a wage he could pay or of deriving a return from leases or share crops. By this time the General might have plastered his estates with the number of possible varied Federal farm crop, housing and resettlement loans. The austere Federalist might be crying for a Supreme Court to declare AAA unconstitutional.

Not, however, if the 1937 Washington was the remarkable patriot of 1783 who, reports the Dictionary of American Biography, returned to find that Mount Vernon "without his careful guidance had deteriorated and was not even self-supporting." He had suffered from the depreciation of Continental currency. "Amounts owing to him before the war had been liquidated in Continental bills which he had grimly received because he would not stand accused of repudiating the national money, even though these payments were on their face plain subterfuge for debt cancellation." He had loaned every spare dollar to the Government during the times of greatest depression. Yet his books show no cessation in his donations to the needy.

The 1783 Washington went ahead to rebuild his fortunes by his own efforts. His surplus Negroes were sold, but he would not sell them. He was gradually pushed toward bankruptcy and may have avoided it only by his death. In the light of our troubled times, let the Dictionary of American Biography speak once more:

He was sure the mass of citizens in these United States mean well, and I firmly believe they will act well whenever they can obtain a right understanding of matters." Yet it must be admitted that the plan of government which he signed as president of the Federal convention provided necessary protection for the conservative, property-owning class of citizens and by an elaborate system of counterbalance and check seriously handicapped the common people in exercising much influence upon the course of government. The explanation of this apparent contradiction lies in the conditions of the times; certainly Washington's justice and honesty are amply proven and he, less than almost anyone else in the convention, was swayed by considerations of personal property.

In the light of the historic facts, the patriot in 1783 appears to have been what the newest President is frequently moved to define as an "economic royalist."

Following the serious and painful injuries received by two of Canyon's boys Sunday afternoon while they were playing at the Canyon Club Ground, it seems only timely that warnings again be issued in the use of firearms, and the use of petroleum products around the home. It is true the boys were not playing with either, but had they been taught about the danger of gun powder, which is used in shells, they may not have risked their lives in the experiment. Of course they never dreamed of a little black powder

Tired of Flying Atlantic, Amelia Plans World Hop

A BOBBED-HAIRED aviatrix, wearing a brown blouse, brown moccasin oxfords, and brown trousers, admitted the press to her New York hotel apartment the other day and announced she would attempt the first westerly flight around the world.

Amelia Earhart Putnam is "tired" of flying the Atlantic—she has flown across it twice—and so, some time in March, weather permitting, she will hop off from Oakland, Calif., to fly 27,000 miles around the equator.

It will be the first world flight a woman has ever tried. Moreover, she will attempt flying east to west, a feat no male pilot ever has accomplished.

Alone? Not this time. Capt. Harry Manning, hero of many daring sea rescues, will accompany Miss Earhart as the "crew." Manning will be navigator. And on a world flight, you can rest assured, the navigator has a full-time job.

MISS EARHART and Manning plan to take off from Oakland in her \$80,000, twin-engined Lockheed Electra "flying laboratory" and stop successively at Honolulu, Howland Island, Lae in New Guinea, Darwin in North Australia, Dakar in Africa, Natal in Brazil, and thence northward to Miami or through Mexico to Oakland.

The "flying laboratory" is used by the aviatrix regularly at Purdue University where Miss Earhart is consultant in aeronautics and conducts research in little-known fields of aviation.

How long will the flight take? Probably two weeks, says Miss Earhart, but she is uncertain. Why is she making the flight? "To study human reactions," the aviatrix explains. She wants to determine just how human beings react under strain and fatigue.

"There hasn't been enough of this study in aviation," Miss Earhart is convinced. "There has been too little work done, for instance, on the matter of what to feed passengers. Personally, I like tomato juice on long flights, just as Wiley Post did."

And, certainly, if anyone has encountered the problem of hu-

Twin-motored giant of the air, the Lockheed Electra plane, above, has been chosen by Amelia Earhart to spin her around the world. On this flight Miss Earhart, right, will be accompanied by Capt. Harry Manning, left. Their route, beginning at Oakland, Calif., and closely following the equator, is shown on the map.

man reaction and fatigue on long airplane journeys, it is Amelia Earhart, the world's most famous woman pilot.

CAREFUL, cool, intrepid flyer, Miss Earhart can claim victory over both Atlantic and Pacific oceans. She has flown the Atlantic twice and was the first woman ever to fly the Pacific, spanning it in a record-breaking hop from Honolulu to California. Moreover, Miss Earhart held the women's transcontinental speed record for many years.

The present flight has been planned for more than a year. Since her ship is a land plane, Miss Earhart will carry a rubber raft for use in the event of a forced landing on water.

Meanwhile, in New York, her publisher-husband, George Palmer Putnam, will follow the flight like the rest of the world—through the newspapers and radio. "I'm pretty well housebroken now," says the flyer's husband. "I've sat at home before when she was off on these long flights."

being so powerful, but that comes of never having been forewarned about that certain hazard.

Every day newspapers carry headlines of disasters occurring around the home from the careless use of everyday articles. Apparently the common use of petroleum products in motor cars and stoves has lulled people into a false sense of security while using these fluids. It has caused them to become careless. The record indicates that warning must be given if lives and property are to be spared.

Here are recommendations of the National Board of Fire Underwriters:

Don't attempt to start fires in stoves or furnaces with gasoline or kerosene.

When using a kerosene or gasoline stove, always follow directions of the manufacturer. Keep the stove clean, extinguish flame after use and allow to cool before filling. Store the supply can outside the house.

Don't smoke while filling the stove.

In order to be sure your stove is safe, buy only those listed as "standard" by the Underwriters' Laboratories.

Don't clean clothes with gasoline, naphtha or benzene.

Off to Dry Land in California Flood

Heavy rains in the Los Angeles area sent flood waters rushing across thousands of acres of farm and city property, causing evacuation of homes and heavy damage. Above is a typical scene as C. F. Edmunds, navy man, and his wife were ferried to dry land by obliging youngsters. This picture was taken on Alamitos street in Long Beach, Calif.

Homes do not happen . . . not often are they handed to us . . . more frequently we build them.

For livable lighting in the home today at least three types of illumination must be available—light for seeing and close work most often obtained by certified table and floor lamps—light that is generally diffused through the room to destroy sharp contrasts of intensity usually obtained from some indirect fixture—light for decoration in the form of shaded brackets or ornaments.

Lighting plays a prominent part in making a real home, if given a chance. When planning a new home or improving your present one, you'll enjoy your home more with good lighting. . . .

Santa Anita's \$100,000 Handicap Race Finds Indian Broom Champing at the Bit

BY PHILIP MARTIN

INDIAN BROOM may be the horse to sweep the Santa Anita Handicap clean of its \$100,000 purse on Feb. 27. Maj. Austin C. Taylor's son of Brooms scored an impressive victory over a field of eligibles in the Grade Handicap at Santa Anita recently, proving himself fit to go in the richest of all horse races in the United States.

Indian Broom's story is Horatio Algeresque. A discard from Mrs. Isabel Dodge Sloane's rich Brookmeade Stable, he was picked up for \$4000 by his affluent British Columbian owner and has developed into one of the best thoroughbreds in this country.

His transformation after Bob Smith, Brookmeade's canny trainer, gave up on the then scraggly youngster, is a remarkable tribute to the ability of Darrel Cannon, Taylor's trainer.

INDIAN BROOM came on at a fast pace as a 3-year-old, winning the Peninsula Handicap at Tanforan in easy fashion, and following that performance with a record-breaking effort at a mile and a sixteenth. His 1:47 3-5 lowered the old standard, held jointly by the great Discovery and Brevity.

Indian Broom was the West's hope in the Kentucky Derby last season. He gave a great display of running, only to be jostled in the rough going and to finish third behind Bold Venture and Brevity.

There's going to be no rough riding at Santa Anita in the big race, for officials don't want a recurrence of the rather discolored victory of Top Row last year.

The Broom is sure of a good ride. Basil James, the leading booter-liner last season, is riding for Taylor, and his handling has been responsible for the horse's improved showing.

ANOTHER factor is apt to have a great deal to do with Indian Broom's fate—Special Agent, another bargain buy of Taylor's from the Brookmeade

Here is the Santa Anita track as it appears from the air, showing grandstand, paddock, and infield. And inset, is Indian Broom, the horse which may sweep Santa Anita clean on Feb. 27.

Stable, probably will run as an entry.

Possessed of a burning speed and a desire to get out and run at the head of the pack, this \$6000 nag is sure to be sent out in front to set a burning pace.

Indian Broom, with a heady

ride under Jockey James, is figured to come out of the pack with plenty to spare and more than match the stretch drive of such entrants as Top Row, King Saxon, Roman Soldier, Grand Manitou, Red Rain, Mr. Bones, and others.

Buffaloes Lose Four Games In Southern Tour

Alpine Lobos Win Tied Game In Extra Period

Another South Texas invasion met with misfortune when the Buffaloes were plowed under for four losses in as many nights of play at Alpine and Abilene.

Off to a flying start in the first contact on Wednesday against Graves' Sul Ross Lobos in Alpine, the Buffs jumped into a 23-8 lead at mid-time. The Lobos returned with a punch that rocked the rafters to tie the count at 31-31 at the end of the regular session. In the extra period, the defenders, led by Luna, marked up the 37-34 win.

The Bisons staged a last half

comeback in the second encounter and redeemed a listless first half showing, which found them trailing 15-6. With fifteen seconds to play the Buffs led 33-32 when Captain Morris of the Lobos attempted a long shot which struck the rafters, and bounded on the playing court. Luna, Alpine forward, recovered the ball and scored the winning goal with a 34-33 triumph. Arthur, Buffalo center, paced the offensive parade with 14 markers.

Frank Kimbrough's undefeated Hardin-Simmons Cowboys maintained their season's record by consecutive wins of 24-12 and 23-21 on the Alpine court.

The Kimbroughmen were given a scare in the last game when the Buffs exchanged blow for blow throughout. Nearing the close, the Pioneers swiped the lead, and performed successfully their well-known "stall." Butler, Bison forward, hit the mesh for 10 points to gather the scoring bouquet. Benson followed with nine. Captain Lawrence Clark's superb ball handling and guarding were the chief elements in the Buffs' valiant stand.

Curtis String Quartet To Appear In Lyceum at College

After scoring tremendous success on both sides of the Atlantic during the past ten years, the Curtis String Quartet will be presented in a program of chamber music in the W. T. Auditorium Friday evening, in the second of the current series of lyceum programs, Wallace R.

Clark, chairman of the lyceum committee, announced. The recital will begin at 8:15 o'clock.

Noted for its ensemble work, the Curtis Quartet has won the enviable reputation of excelling all other organizations of its kind in wealth of tone and quality produced. A collection of rare instruments, presented to the quartet on its organization from the famous collection of the Curtis Institute of Music in Philadelphia, in the hands of four young individual experts makes the tone quality of

the Curtis String Quartet one not easily excelled.

The quartet includes in its triumphs a chamber recital before President and Mrs. Roosevelt at the White House in 1934, as well as command performances before European nobility during a recently completed tour of Europe.

The recital here Friday evening will mark the second appearance of the famous quartet on the W. T. campus. A recital here two years ago on a lyceum bill won wide and enthusiastic acclaim for the noted organization both from members of the student body and faculty.

Mr. Clark expressed the opinion that the committee was very fortunate in securing the services of the String Quartet for its second appearance in a chamber music recital here.

Students will be admitted to the recital Friday evening by activity ticket. Others will be admitted at the door with a charge of fifty cents and one dollar, Mr. Clark said.

THEY DON'T Drink IT ALL

Twenty-five million dairy cows on four and a half million American farms produce more than 100 billion pounds of milk a year. The nation's consumers don't drink all this milk. Only a little over a third of this is sold in the fluid market.

Until the development of ice cream and later dry and evaporated milk, the only market for this other milk was butter and cheese. Since the turn of the century, however, almost every year has seen additional uses for milk. Each has helped to establish a more dependable year-around market for all milk produced.

For 80 years Borden, through research and salesmanship, has carried a leading part in developing uses and markets for milk that have made dairying the greatest source of agricultural income in America.

BRIDAL SHOWER HONORING MRS. R. P. HALE'S GIVEN

Saturday night of last week, Mrs. Lawrence Shuman, assisted by her daughter, Miss Mildred, gave a bridal shower at their home honoring Mrs. R. P. Hales, who before her recent marriage was Miss Phyllis Bryant.

A beautiful crepe paper, two tier wedding cake decorated with pink and green rosebuds, and topped with small bride and groom figures, completed the room decorations. The guests were seated when the honoree arrived. Six hidden alarm clocks going off at 5 minute intervals led the bride to her host of gifts, some of which were stacked by each tell-tale clock. To the dismay of Mrs. Hales, and the merriment of the guests, the clocks kept ringing until all gifts were located and brought together for unwrapping and inspection.

A love story depicting the romance of Mr. and Mrs. Hales was written by those present, each one being permitted to write a paragraph. The story was later read by Mrs. K. E. Frieze. Words of advice were also written in the bridal booklet.

A beautiful refreshment plate of pink ice cream, angel food cake with pink icing, and pink and white mints were served by the hostesses.

Take District,

Eagles!

VOL. NO. 11.

CANYON, TEXAS, FEBRUARY 25, 1937.

NUMBER 23

EAGLES ARE DISTRICT ONE CAGE CHAMPS

Cactus
Cal

Wal, it shore looks like them Eagles took that district tournament just a flying and are going to the regional tournament next week.

Them pep squad girls really did back the Eagles and nearly yelled their lungs out for them down at the Burton Gym all during the tournament. When ya get to talking about a pep squad, ya kinda begin to think about Miz Morris. Miz Morris yells as much as any of them pep squad girls and is always there on time to all the games. And on top of that, she had all them Eagles up at her house before every game, so they could keep out of the cold school building and not ketch cold.

Saturday morning a lot of them Eagles was running around in warm-weather clothes and hit wuz as cold as blazes. They did this 'cause when they left the house hit wuz warm; but when they got to tha school house hit shore wuz cold.

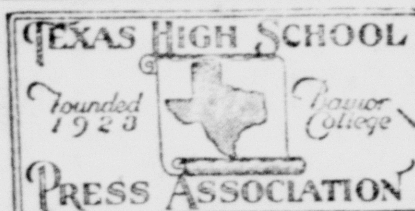

If ya wanted to see something funny, ya shore ought to have seen old John Albers and Sam Robinson wrangle in the gym Monday. Old John wuz a lot taller than Sam, but he shore fell a lot harder. Down at that district tournament, everybody just laffed and laffed and that that Coach Morris wuz conceted, cuz all he did when the Eagles wuz playing Friona wuz to sit on the bench and shake hands with himself.

Wal, I guess I better run over and hide, cuz here comes Mariah with a pail of slop that she wants me to feed to tha hogs.

Yers Sinsirly,

Cactus Cal.

P. S. I shore hope them thar Eagles defeat them Cardinals at regional. And I hope the Eaglettes come out on top at Tulla, too.

HOORAY!

"Our hearts are filled with gladness and pride in Canyon High." Eagles! We, the students of Canyon High School, wish to thank you for the loyalty, co-operation, and good spirits which you have shown in all the games; and we especially wish to commend you and Coach Morris and Hutto for winning the district title. We should like for you to know that we are very proud of you and that we are backing you so that you may go through the regional to state.

We admit that you will be going up against some very tough competition, next week-end; but we believe that you will win if you go into the game with the same "old fighting spirit" you have had all season.

Eaglettes, we are also backing you in the district tournament next week-end.

So, here's to you Eagles and Eaglettes. May you never be defeated! May you show the same determination and strength in your school work and in your life after high school that you have shown in your athletic efforts.

Eagles To Participate In Regional, Girls In District

The Canyon Eagles, by virtue of winning the District One basketball crown, will participate in the regional meet next Friday and Saturday. The tournament will be held in the Buffalo Gym, games starting Friday evening.

Teams participating in the tournament will be Carey, Perryton, Meadows, and Canyon, each a district winner. The Eagles have played in the large Buffalo Gym before and will be used to the goals. They are determined to add the regional trophy to their collection and then take a crack at the state title.

The Eaglettes will participate in the District One girls' basketball tournament to be held in Tulla next Friday and Saturday.

The girls are going to do their best to match the boys' feat and bring back a trophy. County pairings are not known yet; so the girls do not know whom they play first, but they intend to beat whomever they play.

Jr. Homemakers Clear \$14

"The Mystery of the Masked Girl," the home economics play which was presented last Thursday night, took in \$18.00 from candy and door receipts. Of the \$18.00 made, approximately \$14.00 were cleared.

The play was dedicated to Beulah Brasuel, senior, who held the title role in the play until she received a knee injury. Her part was taken by Mildred Shuman.

Mildred Shuman, president of the Home Economics Club, states that the play may be taken to another town.

College Men's Chorus Sings

The men's chorus from the college, directed by Wallace R. Clark, were the guest artists in assembly last Wednesday afternoon. These artists have appeared several times in the past before the student body.

The songs that the group sang were "Marching," by Trate; "Evening Song," by Abt; "The Bell Man," by Forsythe; and a cantata, "Nun of Midaroes," by Buck. After the program, Mr. Clark stated that his group was always very glad to appear before the high school body.

"THE BLUE TEAPOT" CHOSEN
"The Blue Teapot," a one-act comedy by Jean Lee Nathan, has been chosen as Canyon High School's entry in the Interscholastic League one-act play contest this year. Mr. M. G. Moore, teacher of speech, who announced the choice Monday, will direct the play. Try-outs for the four characters in the play will be held soon.

pupil either is very poorly mannered or (much more likely) disregards all he has been taught about good manners.

Manners in class are as important as manners at a formal luncheon. The pupil who does not be- have distracts the attention of more studious pupils from their lessons and creates unnecessary disturbance and a bad opinion of himself.

If you have to comb your hair, do it before class time in the proper place. Chewing gum is all right in the privacy of your home; but in any public place—well, just look in the mirror sometime when you chew it.

On the whole, being well-mannered in class is better for you and for all concerned.

P. T. A. Hears Meyer on "Co-operation"

"Home is the place where education must begin," said Dr. A. M. Meyer at the Parent-Teachers Association last Monday evening. His subject was "Co-operation."

"If the foundation is not strong, the super-structure may not endure," he continued. "Therefore mothers must be trained to educate pre-school children. Both the school and the home must be worthy of the child. They must co-operate so that the whole machine runs smoothly."

"Each must recognize its influence, but at the same time must recognize the influence of the other. Each must recognize the authority of the other and realize their inter-relation."

"The school should pay attention to common things such as lighting and ventilation, techniques of instruction, and always guidance of the child's habits."

"You have a good school here, and you have a good group of citizens. A college always brings a certain amount of culture and education. And you have a good public school system; so there is no reason why 95 or 99 per cent of your boys and girls should not grow up to be good American citizens," concluded Dr. Meyer.

A business meeting was held at the beginning of the program. Miss Elva Fronabarger, Miss Irbey Carruth, and Mrs. Clarence Thompson were elected for the nominating committee.

The Choral Club under the direction of Miss Gwendolyn Black sang three selections, "Barcarole," "Merry Life," and "The Sailor's Song."

Recognizing the birthday of the organization, Mrs. Ray Campbell gave the history of the Parent-Teachers Association.

Miss Mary Moss Richardson led the devotional on "Mothers of the Bible."

Ex-Murderess Is Enjoyed

"She ran right into the arms of the police," said Rose Lawn, in the last of the play, "The Mystery of the Masked Girl," as she was talking about Maria Moss, the masked murderess. But Tuesday night, Feb. 16, the masked murderess failed to reach the arms of the police; their arms weren't long enough, and she fell to the floor.

Beulah Brasuel, who was playing the part of the masked murderess in the Junior Homemakers' play, fell the last night of practice as she was running off the stage in the last of the play. As she fell, she hit her knee and knocked her knee cap off. There was laughing at first, then exclamations; and finally everything was quiet except voices coming from Mr. Pope's office, telephoning for a doctor.

Beulah lay as she had fallen for perhaps ten or fifteen minutes, with her black robe still on, and with Mr. Moore trying to keep her relaxed until the doctor came. The girls in the play were in various places, trying to keep from crying, or talking among themselves to pass the time away until the doctor could tell them what was wrong.

Finally when Beulah's knee was put back in place everything quieted down, and the play practice stopped for the night.

The ex-masked murderess was not in the play, and never reached the arms of the police; but she came hobbling to school Monday.

TONIE CHANEY GUEST ARTIST AT HOME ECONOMICS CLUB

Guest artist at the Home Economics meeting at noon last Tuesday was Tonia Chaney, Mexican girl from the first grade. She presented her own arrangement of songs in Spanish. Following the entertainment, a business meeting was held.

Lillian Chambers was temporary chairman of the social committee, which served hot chocolate and marshmallows to the members of the club.

JUNIOR PLAY POSTPONED

The Junior play, "A Poor Married Man," has been postponed for two weeks, because of lack of time for practice.

The class has been practicing three nights a week and the play is progressing nicely, according to its director. The probable date for the play will be March 19.

School Paper Takes Honor

The Eagle's Tale placed second in the recent Texas High School Press Association at Alpine, in the class of one-page papers in the town paper.

This makes the third time the Eagle's Tale has placed at P. H. S. P. A. Two years ago, when Bill Cone was editor, the Eagle's Tale won first place; last year it placed third. Breckenridge Dynamo, with Jack Sweeney as editor, won first this year.

The convention has been held in Belton every year until this year. Denton has been named as the permanent meeting place hereafter, with the Texas State College for Women as host to the convention.

There were thirty-two schools represented, with fifty-four delegates present.

Jimmie Monroe of Austin was elected president, with the following other officers: Frank Dolejska of Houston, vice-president and corresponding secretary; Betty Jean Jones of Lubbock, recording secretary; George Neppon of Thomas Jefferson (San Antonio), treasurer; and Margaret Simmons of Pecos, Richard Roe of McAllen, and Virginia Ruth Vickets of Odessa, executive council.

The Austin High Maroon won first place in the Class A newspaper division, and Abilene High Battery was second.

DeWitt Dedrick of Austin was principal speaker at the convention.

La Tertulia Has Regular Meeting

La Tertulia, Spanish Club, had its regular meeting Friday, Feb. 19. The minutes were read by Joe Harry Roberts. Sarah Thompson, vice-president, presided, as James Pope was absent.

Those participating on the club program were Billy Black, who gave an article on "Mexico, the Land of Allure"; Alta Fly, whose article was "Keeping House in Spain"; and Zella Laughery, who played "Mexicali Rose," as a piano solo. Songs sung by the club were "Velas Rojas," and "En el Rancho Rio Grande," with Zella Laughery as accompanist.

The Eagles set a record last Saturday night which will go down in the history of athletics in Canyon High School. They trounced the Dalhart Wolves 31 to 24 in the final game of the tournament.

The Eagle boosters were very proud of the Eagles when Coach Bob Cox handed "Bot" Rusk, captain, the handsome trophy for title-ships.

D. A. Butler was right when he said, "I guess we'll win," in assembly last week. He really did his part in all of the games.

Coach Morris and Coach Hutto had a happy grin on their faces after the last game. Coach Morris stated that the boys played a heads-up brand of ball all the way and that would be the way they would play next week end, if not better.

The Eaglettes will play in the girls' district tournament at Tulla Friday and Saturday. It is hoped that they set a record like the Eagles.

In behalf of the Eagle boosters which crowded the Burton Gym last week, the Eagles thank you for your loyal support and ask you to see them through the rough in the regional meet this Friday and Saturday.

P. T. A. SPONSORS MARIONETTES

The Rufus Rose Marionette Carnival, sponsored by the Parent-Teachers Association, will be here today. This afternoon at 2:30 o'clock there will be a matinee for children; and tonight at 7:30 o'clock they will present "Treasure Island," in eleven acts. The prices are 10 cents for children and 25 cents for adults.

The junior class is helping sponsor the carnival. The Parent-Teachers Association and the junior class urge that everyone come.

Eaglettes Defeat Pantherettes

Defeating the Panhandle sextette by a score of 18 to 13, Friday night, the Canyon Eaglettes played their last game until District Meet, to be held at Tulla tomorrow and Saturday.

Playing on the Pantherettes' home court, which gave the Pantherettes a slight advantage, the Eaglettes played their first game with their recent change of Captain Mary Collins back in her old position as guard and Mavis Harden playing forward as an entirely new position to her. This was the second time for the Pantherettes and Eaglettes to meet; both times the Eaglettes have come out with the large end of the score.

Renna Beth Bella scored 7 points to total the highest number of points, with Kate Donnell close behind with 6 points.

Coach Gerald Brown took nine girls, all of them feeling the court during the game. Those seeing service as forwards were Kate Donnell, Renna Beth Bellah, Captain Mary Collins, Sunshine Harden, Mavis Harden, and Carolyn Mayfield; as guards, Natalie Flesher, Mary Jo Avert, Billy Greenfield, Captain Mary Collins, and Mavis Harden.

Office Girls Work Very, Very Hard

How many of you girls in this school take office practice? Those of you who don't, miss a whole lot of fun, and sometimes, work. I'm a hard working girl, or I think I am; but I never seem to get any where at all. I have it the first period, and my job is to make out absence reports. Edrie does that too; and as she lives only a half mile from school and I live a mile, she usually gets here first, no matter how soon I leave home.

Edrie usually answers the calls from Mr. Carruth's office. Now Mr. Carruth wants snappy, very snappy, service. He's likely to want you to do any one of five million things; for instance, take a grocery list to Stroud's for a business men's luncheon or school board dinner, or running down any one in the school. Edrie's been taking these calls lately. She'll run into his office and then dash back to Mr. Pope's office, to see what room Sunshine Hardin or Polly Cluck is in.

"Whew!" says Sweetie, "she's in the band, and she's over at the grade school!"

I obligingly shift my 125 pounds over a little and lose my place in my good book while she dashes out and away. By the time she gets back from her dash, Mr. Carruth has buzzed the buzzer about a dozen time more and is likely to go on the war path any minute. Sweetie comes back, pale and with no Sunshine or Polly. She sinks into a chair and starts panting. Just then the list of unexcused absences is ready; and as my book is just too, too good to leave, I send Edrie out with it. There goes the buzzer! Gosh, I'll just have to answer it! No! Helen said she'd go. What a relief! (Say, this book is good).

Lately Mr. Carruth has been so very busy buzzing the buzzer he can't even remember the name of the Canyon High School girls' basketball team. Mr. Carruth, for your benefit, I'm putting it in, it's the Eaglettes.

Well, I better go to my next class, Spanish. Gee, I'm so tired. This period just gets me down! All the same, I'll bet some day I'll make some business man a good office girl.

Mrs. L. R. McCay, former teacher in the grades, left Saturday for Phoenix, Ariz., after a week's visit in the home of her parents in Canyon.

Sue Terry was absent Monday because of illness.

C. L. Drummond Most Valuable Player on Team

Rusk, Drummond, Callihan, Breitting Chosen For All-District

WIN TWO TROPHIES

Win Four Games To Take First Place From Dalhart

The Eagles reached their objective Friday and Saturday at Burton Gymnasium, when they won the district championship.

They were favored to win, but it was doubtful after the recent losses. The quintet played Hartley Friday afternoon at 4 o'clock, and defeated them 56-21. This was not a very exciting or noticeable game, but it took the Eagles to the play-off with Friona. This game was considered the best of the whole tournament. Plenty of excitement was offered the fans in this game. The Chiefs were beaten 35-32 in a close game that practically won the tournament, as Friona was the toughest team for the Eagles in the loop. This contest was held about 11 o'clock Friday night.

Saturday morning, the semi-finals were played, the teams being Dimmitt versus Dalhart, and Canyon versus Happy. The Eagles beat Happy 40-23, running up the large score in the last few minutes of play. This score placed the Eagles in the finals against Dalhart Saturday night at 8 o'clock. The Eagles held a lead from the first whistle until the last, the game ending with a score of 31-24. Thus, the tournament was won by those high-flying Eagles. Captain Ray Ford Rusk walked out, leading his fellow-players, to take the coveted trophy. He was the only all-tournament man to receive a unanimous vote, and came in only one point under Fox, high point man of the tournament. Fox of Dalhart was high-point man with 60 points.

C. L. Drummond was chosen as the most valuable man in the district. These boys will get medals for their distinction.

Others on the all-tournament team besides Rusk and Drummond, Fox, Brookfield of Friona, and Houlette, who tied with Wilson of Dalhart for the fifth man. Breitting and Callihan of Canyon were on the all-tournament second team.

Band Parent Club Holds Meeting

Mr. W. P. Sharman, president, and Mrs. H. A. Brown, secretary-treasurer, are officers of the Band-Parents Association, organized last fall. This organization meets once a month. Parents of the band members, and other persons who are interested in the band, attend these meeting. The band furnishes the music, and after the business meeting a social is held.

The club has sponsored different programs to make money to pay for the band uniforms and for the bass horn which has been bought recently.

do they know how many pieces of stones to order?" Another answered, "By blue prints."

The fifth and sixth grades have assembled every Friday, with the programs put on by different groups. Last Friday, 6A home room gave a play, "George Tells the Truth." Talks on trees were also given.

The 6A home room has divided into four committees, and each committee has charge of the home room program. Martha Lee Foster's group sponsored the play given in assembly.

The fifth and sixth grades have made a mural, carrying out the idea of the history of the Panhandle.

The sixth grade is studying a homes unit in geography, art, and reading.

NOTICE

It's coming! What? The senior box supper, to be held Friday night, March 5, in the grade school gymnasium. This is one of the series of activities to be sponsored by the Senior Class to raise money.

Debate Teams Vie In Assembly

Students of Canyon High School were entertained last Monday morning by the debating teams of the high school, coached by Mr. Gerald Brown.

John B. Pope and Sherman Higdon took the negative side against Lillian Chambers and Shirley Ann Oliver in debating the Interscholastic League question, "Resolved: That the manufacture of munitions of war should be a government monopoly."

After a long argument by both sides of approximately one hour, the affirmative won the debate by the vote of three judges, Mr. H. G. Moore, Supt. I. B. Carruth, and Mr. R. G. Stevenson. The speakers were rated as follows: Lillian Chambers, Sherman Higdon, Shirley Ann Oliver, and John B. Pope.

Homemaking Class Shows Styles

A style show was given by the girls of Homemaking II last Thursday. The class had just finished making children's clothes.

Children's clothes were modeled by Millie Money, Dorothy Moore, Louise Tuock, Marietta Sanders, Margaret Love, Helen Tate, and Laura Brazil.

The first-year girls had just completed an entertainment unit; so they served refreshments, Polly Cluck presided at the punch bowl. Red, white and blue fondant, lemonade garnished with marshmellow cherries, and toasted saratoga flakes were served.

GRADE NOTES

A culminating activity for a study of community helpers was given last Friday afternoon by the first grade, taught by Mrs. T. W. Collins.

The "helpers" studied were the policeman, the fireman, the baker, the banker, the barber, the cobbler, the grocer, the dentist, the doctor, and the telephone operator.

The program was as follows; a story, "Safety-First for Your Dog," by Max Bellah, Charlene Scott, Fannie Alice Pierce, and Janell Allen; poems, "The Little Horse" by Mary Sue Foster; "The Stone," by John Phillips; "When Golden Locks Went Calling," by Wayne Griffin; "Mother's Kneading Dough," by Meade Mitchell; a story "Safety First," by Collin Prichard; and "Who Am I?" by Giovanna Johnson.

"The Policeman," a story, was given by Carol Burgess, Don Turner, Ira Prichard, Clifford Prichard, Cora Berry, Emma Zachary, Billie Danner and Joan Ford. Carlene Scott played a piano solo. Songs sung by the group were "Traffic Cop," "Cobbler," "Postman," and "Fire Bells." Tonia Chaney sang Spanish songs.

Refreshments of punch and cookies were served to the room and to the following visitors: Mrs. Danner and mother, Mrs. Mark Foster, Mrs. Warren Johnson, Mrs. C. C. Morton and son, Mrs. G. H. Prichard, Mrs. Carl Scott, Mrs. V. T. Allen, Mrs. Alfred Bellah, Mrs. G. W. Cox, Mrs. Michael and sister, Mrs. G. C. Beedy, and Mrs. W. T. Collins.

W. T. NYA Quota Increase To Con- tinue This Semester

A fifty percent increase in the NYA student employment quota, granted the College last fall, has been extended and will be in effect until the end of this semester. State NYA director Lyndon B. Johnson assured C. A. Murray, chairman of the local NYA committee, last week. Approximately 175 students are employed by the college this semester through the National Youth Administration.

The fifty percent increase in the quota, granted last fall, raised the employment quota from 102 to 153, an increase of 51. Brief extensions were granted during the past semester, but the increase will definitely be in effect for the remainder of this term, Mr. Murray stated.

One hundred and seventy-two students are receiving an average monthly payroll of \$2,295 through the National Youth Administration during the nine months of the present regular session, Murray said. The average monthly pay is fifteen dollars, the maximum for any student being set at twenty dollars. The amount is regulated by the individual need.

Grades recorded for NYA students last semester were well above the average. Of 862 grades turned in by NYA students at the end of the semester, 201, or 23.3% were A's, 325 or 37.7% were B's, and 242 or 28.7% were C's. One NYA student received a total of twenty-four grade points, representing six A's.

The number of failures in NYA ranks was low. Only seventeen of 172 students employed last semester were dropped because of low grades.

The number of students employed this semester is practically the same as the total for the fall semester, Mr. Murray stated. Because of the changing personnel, it is impossible to set a definite total, but approximately 175 students are now receiving employment.

FARMALL Leads the Field with New Row-Crop Tool Combination

McCormick-Deering Farmall 20 or Farmall 30

(with power-lift attachment)—

No. 10 Tool Bar Middle Buster—Tool Bar Sweep Equipment—
No. 10-30 Tool Bar Planter—and Farmall Cultivators.

With a McCormick-Deering Farmall 20 or Farmall 30 and this new combination of equipment you can handle every field operation except picking and harvesting. You can quickly rig the Farmall for middle busting (2 furrows), running three middles, planting (2 or 4 rows), loose-ground listing (2 or 4 rows), relisting, or basin listing.

The basic implements carry a heavy square steel tool bar on which buster bottoms, sweeps, and planting units may be arranged for working in rows 36,

38, or 40 inches apart. It is a simple matter to make equipment changes or adjustments to meet seasonal requirements.

These new implements can be used with any Farmall 20 or Farmall 30 which is equipped with power lift. Similar tool bar implements are available for use with the Farmall 12.

We can't tell you all about this system of row-crop farming in our limited space here, but we'll go into every detail with you if you drop in at the store or give us a call on the phone.

Car Registration Starts

Registering of Cars and Trucks for 1937 has begun. Automobile owners are requested and required by law to furnish their last registration receipt or transfer record. It will assist this office greatly if owners where possible will register this month, helping to relieve the congestion next month. Tags for 1937 may be placed on cars in March.

Cooperation of automobile owners is asked in making a survey for the Federal Bureau of Public Roads. Cards will be furnished at this office with blanks requesting the number of miles traveled last year and gas consumption per mile and other valuable information which may lead to more and better roads in this county. It requires no postage to mail these cards. Help the County and State Highway Department secure this information.

Canyon P. T. A. To Bring Marionette Show Thursday

The Canyon P. T. A. is presenting the Rufus Rose Marionettes Thursday in two performances at the Canyon High School.

At 2:30 o'clock, "Snow White and the Seven Dwarfs" and a marionette carnival will be given especially for children. At 7:30 o'clock Thursday evening, "Treasure Island" and a carnival will constitute the program. Admission prices are 15c and 25c.

Marionette shows are popular throughout the United States now, and persons seeing them for the first time are delighted and surprised at the illusion of reality that can be secured by the manipulation of the tiny figures which are constructed of wood or plastic materials.

The Rufus Rose Marionettes were presented at the recent Chicago Century of Progress Exposition. Mr. Rose is a widely-known authority on marionettes and his articles in "Popular Mechanics" on how marionettes are made are used for reference all over the world.

Rotarians Hear an Interesting Discussion by L. F. Sheffy

Prof. L. F. Sheffy, head of the history department at the college, was principal speaker at Rotary luncheon Tuesday in a program sponsored by the International Service Committee of the club.

Mr. Sheffy showed how this section has been in the limelight of international dispute for more than two centuries.

He traced the struggles between the early plains Indian tribes, and the Spanish efforts to conquer the Indians. They left the Indian in possession of Spanish horses making a more formidable foe.

This section was early a subject of dispute between Spain and France. Later when the United States acquired the Louisiana Purchase, and Mexico had become independent of Spain there was a boundary dispute between the United States and Mexico.

There was even dissention between the Republic of Texas and the United States over this section.

There was a three-cornered struggle in this region between the cattle barons and the rustlers on one hand, and the cattlemen and nesters on the other.

When this struggle came to a close in 1906, a struggle between settlers and the weather began.

"We have built and are building a permanent culture here," Mr. Sheffy said.

He discussed the part of the Texas Centennial in creating good will between the United States and Mexico. "Texas has long been a land of dispute, but now she can become a connecting link toward international peace," he said in conclusion.

Visiting Rotarians from Amarillo included: C. S. Lambie, Arch Hunsley, Arthur Osgood, M. C. Burton, Horace Russell, W. S. Norman, and Jim Oakes.

Other visitors were: H. R. Ful-
